FINANCIAL DEPARTMENT.

To—The Deputy Commissioners, Treasury Department, of Districts.

Circular No. 2085—B. & R. 359, dated 1st October 1907.

Government having in their Proceedings No. 1455-64—Gl. Fin. 290-04-2 of the 25th September 1907 sanctioned the issue of Supply Bills on certain conditions, the following instructions are issued for the information and guidance of District Treasuries in order that this office may regulate the issue of such bills.

2. (*a*) No specie remittances will be made from one district to another, or from and to the State Huzur Treasury without either the general or special orders of this office. But each District Treasury will note on its monthly Cash Balance Report, if the Treasury is a surplus one; the surplus *specie* which it things can safely be placed at the disposal of the undersigned for transfer to other districts; if, on the other hand, the Treasury is a deficit one, it will note on the report the probable amount which it would require for meeting its demands.

(*b*) It must be understood that while any surplus which may be noted in the Cash Balance Report as having been placed at the disposal of the undersigned will be liable to be utilized *at once*, the remittance of the probable amount that may be asked for in such report can only be arranged for after sometime. Such intimation of amounts required does not therefore dispense with the necessity for sending the usual indents for whole rupees which should invariably be forwarded before the close of the month preceding that in which the amount is required.

3. An amount which has once been placed at the disposal of the undersigned cannot under any circumstances be either utilized by the Treasury for its own purposes or remitted by such Treasury to another without the special previous sanction of this office.

4. These instructions do not in any way affect the standing orders as regards remittances of currency notes which should, unless otherwise instructed by this office, be invariably made during the first week of a month. Attention is invited to Article No. 662 (*a*) Civil Account Code on the Subject. Nor do they affect the existing orders in regard to the indent and supply of small silver and copper.

5. Pending the revision and issue of forms of Cash Balance Reports it is requested that the information required by para 2 (*a*) of this circular be furnished in the Cash Balance Reports now in use commencing with that now due (1st October 1907).

U. L. MAJUMDAR,
Comptroller.
